WALL WASHERS - RGB

High power Red, Blue and Green LEDs combined with a durable aluminum housing rated for wet locations make this family of lighting tools perfect for high impact illumination, indoors or out. Link up to five to one power cord (array fixture only) and link data up to 30 fixtures, either directly, or with signal extension cables. The Linear RGB fixtures must be powered directly via the five foot power cords, but allow data linking, up to thirty fixtures.
