

## Features

- Made of lightweight double anodized aluminum
- Frosted lens protects light source while evenly diffusing light
- Field cuttable extrusion and lenses
- Aluminum provides excellent heat dissipation
- End caps available for a tailored look
- Compatible with most Trulux Tape Light

## Available Lengths

39-3/8" (1 meter)

## Available Finishes

Anodized Aluminum

## Compatible Tape Light

- Trulux Single Color
- Trulux Tunable CCT
- Trulux RGB / RGB+WW

## TRULUX™ Turbo Extrusion

The impressive Turbo extrusion with lens and end caps resembles a low profile T5 luminaire when it is assembled. It allows two side-by-side rows of Trulux (except RGB+WW and Double Row which are too wide) to fit in its generous base, boosting light output and increasing coverage. Allow a 1" high by 1-1/16" wide clearance for either the rounded or squared lens style.

### Best suited applications:

Offices, closets, food prep areas, workshops, shelving

## Ordering Information

<b>PE-TURBO-1M*</b>	Turbo Aluminum Extrusion
<b>PE-RTURBO-1M*</b>	Round Frosted Acrylic Lens
<b>PE-QTURBO-1M*</b>	Square Frosted Acrylic Lens
